

# Folding Suitcase/Briefcase

Use our Folding Suitcase/Briefcase to create a fun shaped card! Stamp the design twice, bottom to bottom, on your paper. (We mount the rubber die right along the bottom edge of the maple block, which makes it very easy to align the suitcase bottom to bottom.) Cut out your stamped suitcase and fold along the bottom edge to close. For a secure closure, add a small piece of velcro to the inside top edge of the suitcase.

The Folding Suitcase/Briefcase can be utilized as a unique card or invitation! Or, create a fun favor or gift holder by filling the inside with gift cards, sticky note pads, and other small items.

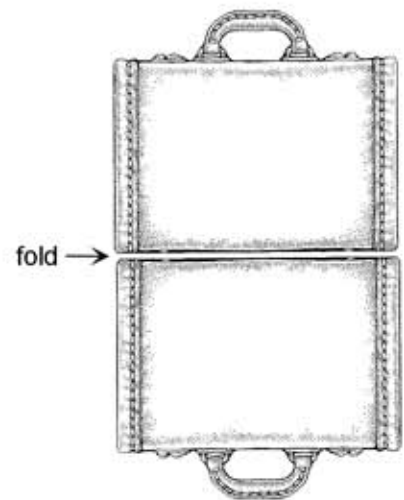

Suitcases also make great shaped memory books for holding vacation photos and journaling.

Embellish your suitcases and briefcases with our accessory stamps! Stamp, cut out, and attach our travel-themed designs like a camera, our collection of postcards, sunglasses, and more. Create a briefcase by adding our laptop, cell phone, or money images. Or, "fill" your suitcase or briefcase by stamping these designs on the inside as embellishments.

See the Gallery section of our website for lots of great sample ideas!

Stamp your suitcase twice, bottom to bottom.

Suitcases and briefcases can be made by stamping onto plain cardstock and embellishing with other stamped images or stickers. Or, for a more realistic look, stamp onto patterned paper or scrapbooking paper. Papers with plaid, paisley, floral, and other prints create fun suitcases and briefcases! Faux suede and faux leather papers look great, too.
