

Mini Folios

Our versatile Mini Folio stamps are very easy to use! Simply stamp, color, and cut out. Then fold the four flaps in order, tucking the last one under the first, as if tucking in the top of a box. And, like our full-size Folios, Mini Folios create two different designs depending upon whether you fold the flaps in a clockwise or counter-clockwise direction!

Mini Folios are available for many seasonal and all-occasion themes.

See the Gallery section of our website for lots of sample ideas!

Use Mini Folios as gift tags, card enclosures, and table number cards (for informing guests of seating arrangements at weddings or other formal occasions.) Or, fill Mini Folios with small photos, notes, or other tiny items. They also look nice when attached to the front of a card-- the recipient can open the flaps and read a special message.

Mini Folios are beautiful when stamped onto colored cardstock. Highlight details of the design with watercolors, chalks, or markers.

For a different look, fold just two flaps of the Mini Folio to create a heart-shaped pocket to place on the front of a card or on a scrapbook page. Or, attach a wire or ribbon handle to make a heart-shaped ornament.
